Learn about exciting advances in these process technologies for today's demanding plastics applications:

- Raw Materials & Mineral Fillers
- Pneumatic Conveying Systems and Applications
- Continuous Feeding & Proportioning Equipment
- Compounding and Single & Twin Screw Extrusion
- Gear Pumps, Screen Changers & Filtration Units
- Pelletizing Systems

Presented by these globally respected plastics industry suppliers:

- ExxonMobil Chemical
- Omya
- K-Tron
- Coperion
- Maag Pump Systems
- Automatik Pelletizing Systems
